Entwined Minds Book Club

Monday, April 10 at 1pm

All interested readers are invited to Entwined Minds Book Club. The book for discussion this month is *10% Happier* by Dan Harris. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. He found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the voice in his head. Eventually Harris stumbled upon an effective way to rein in that voice: meditation, a tool that research suggests can lower your blood pressure and essentially rewire your brain.
